## ACTION ITEMS

1) Modify purpose -- not just Google Docs

2) Make a list of the tools we really need to include.

System to discuss new and emerging things.

Delicio.us

thewallscomedown

tools

bestpractices

3) Ask present type by what want to do.

Ideas: Voicethread

\* Get each tool on a voicethread and have teachers leave messages.

Stephanie - logo ustream

Kristin - Backchannel

Public Screen 4

**Beth Ritter- Guth - will put together a Voice Thread with pics on it from various presenters on the tools they are using (expect lots of email :-). I will also prepare an Animoto and One True Media movie on virtual worlds in the classroom.**

**Beth -- some people there w/ you in SL!**

**Stephanie -- will be there in person and willing to ustream the presentation as well as monitor the ustream backchannel during the presentation. Also -- very willing to create the logo! :) - Stephanie ustream!**

**Kelly- Show different possibilities for the back channel**

I think UStream is so motivating to show people a sense of closeness and networking possibilities.

I use chatzy too...Kristin

**Robin willing manage skype**

**embed examples of ustream videos of best practice**
